

Comparing number of satellites launched from different launch sites at different period of time.

Number of Satellites Launched from each Faculty.

Faculty Incharge	
Amateur radio applications, Ionospheric studies and Maritime applications respectively.	1
Astronomy, Communications, Engineering, Earth Sciences	1
Astronomy, Earth Sciences	1
Astronomy, Earth Sciences, Space Physics	1
Astronomy, Space Physics	2
Communications	34
Communications satellite	1
Communications technology demonstrator	1
Communications, Earth Sciences	7
Communications, Engineering	1
Communications, Technology Applications	1
Disaster management, Radar imaging	1
Earth imaging for defense applications (details classified)	1
Earth observation	5
Earth Sciences	31
Earth Sciences, Space Physics	1
Earth Sciences, Technology Applications	3
Engineering	1
Engineering, Earth Sciences	1
Experimental	3
High-throughput Communication Satellite	1
High-throughput Telecommunication Satellite	1
Hyperspectral imaging satellite	1
Lunar exploration	1
Meteorological	1
Military satellite	1
Navigation/Global Positioning	9
Planetary Science	1

Launch Years and there Launch Sites of the Satellites.
