

Number of Satellites Launched from each Faculty.

Faculty Incharge

Launch Counts
1  34

Amateur radio applications, Ionospheric studies and Maritime applications respectively.	1
Astronomy, Communications, Engineering,Earth Sciences	1
Astronomy,Earth Sciences	1
Astronomy,Earth Sciences,Space Physics	1
Astronomy,Space Physics	2
Communications	34
Communications satellite	1
Communications technology demonstrator	1
Communications,Earth Sciences	7
Communications,Engineering	1
Communications,Technology Applications	1
Disaster management,Radar imaging	1
Earth imaging for defense applications (details classified)	1
Earth observation	5
Earth Sciences	31
Earth Sciences, Space Physics	1
Earth Sciences,Technology Applications	3
Engineering	1
Engineering,Earth Sciences	1
Experimental	3
High-throughput Communication Satellite	1
High-throughput Telecommunication Satellite	1
Hyperspectral imaging satellite	1
Lunar exploration	1
Meteorological	1
Military satellite	1
Navigation/Global Positioning	9
Planetary Science	1
Planetary Sciences	1
Radar imaging	1
Reconnaissance of electromagnetic spectrum (ELINT)	1
Solar Physics,Space Physics	1
Space Sciences	1
Student cubesat	1
Student satellite	4
Studying space radiations and magnetosphere	1
Technology Applications	8
